

Fact Sheet

At Coast to Coast Fulfillment, Inc. we specialize in receiving, processing, packaging, and shipping product orders on behalf of our clients.

WHAT WE DO

Coast to Coast Fulfillment is a full-service third-party product fulfillment house (3PF). We process orders for our clients and then ship the orders to their customers. This is our specialty, so, we do it faster and at less expense than our clients can do it themselves.

We receive orders, process payments, pick, pack, and ship products, provide data management, e-fulfillment, direct mail, & retail support solutions, including merchant account services and electronic data interchange (EDI) order processing.

We also provide a special *Sign-Up-To-Sell* e-commerce package for turnkey setup of e-fulfillment. We also offer customer service, account billing, and other third-party logistics (3PL) support services for business-to-business (B2B) and business-to-consumer (B2C) clients.

As a fulfillment house, we deliver the back-end services that our clients need to service their customers, while we operate as our clients' invisible outsourced backroom.

We provide complete product fulfillment services for merchandise ranging from consumer electronics, DVDs, CDs and videos, coupons, samples, catalogs, healthcare and over-the-counter medical products to jewelry, collectibles, housewares, electronics, computer software, apparel, promotional items, and as-seen-on-TV products, and marketing and sales literature fulfillment.
